

Youtube Safety

.....making youtube "safer"

1. Open youtube (or any youtube video).
2. Scroll down to the bottom of the page and find SAFETY.

3. Choose your safety mode and SAVE.

Safety Mode does not guarantee to block every inappropriate video/comment.

Another site to use is www.viewpure.com

ViewPure and Youtube

View Pure allows you to watch a Youtube video without seeing any other videos or comments. It is great for viewing videos in the classroom.

Not watched through view pure:

Inappropriate videos appear on the side.

Inappropriate comments appear at the bottom.

Watched through www.viewpure.com
